School iP

CASE STUDY

Trevor Gray, Deputy Headteacher
Wellingborough School

AT A GLANCE

PREVIOUS CHALLENGES

- Finding a centralized system that links together multiple key processes
- Creating reports
- Finding a user friendly system

CURRENT BENEFITS

- SchooliP centrally manages multiple key processes that feed into one another
- The software offers much more than other similar providers
- Completely customisable allowing for a unique and easy user experience

"...We looked on and off for a solution but nothing was quite like SchooliP..."

TREVOR GRAY
Deputy Headteacher
Wellingborough School

OVERVIEW

Wellingborough School, a coeducational independent school , have implemented the integrated performance management software SchooliP and are now able to ensure the highest possible standards for their school. Trevor Gray, the Deputy Headteacher, explains why they decided to join hundreds of other schools utilising the SchooliP software.

IMPACT

Trevor stated "A lot were only focussed on teaching and learning whereas SchooliP offers this and much more."

Trevor also added that "In the first year we trialled the software with key staff and SLT and we saw real benefits and found the ability to keep linked data all in one place was extremely beneficial."
